Think of a delicious Cornetto dropped in sand... Thankfully it's edible sand

The ultimate seaside dessert

A Taste of Three Cheeses

the jetty

A stylized graphic of a jetty structure, consisting of a horizontal beam supported by three vertical columns. The beam and columns are rendered with a double-line effect, giving them a three-dimensional appearance. The text "the jetty" is positioned above the beam, with the "t" and "y" overlapping the beam's ends.
